

LIGHTS CAMERA ACTION IS STILL OPEN!

All though there is new government guidelines, this does not affect Lights Camera Action.

We will be doing as much as we can to keep everyone safe. We kindly ask all parents and students to follow these rules:

- Temperatures will be taken before a student enters into the class room.(If your child has a temperature higher than 39 they will be sent home.
- Everyone must hand sanitise their hands before and after class.
- Keeping distance as much as possible.
- All staff will be wearing masks or visors.
- We kindly ask all parents that come into the building to wear a mask.
- Students can choose to wear masks in class.
- If your child has a cough, temperature or loss of smell. You must let a member of staff know and do not come to class. Then take a coronavirus test and let us know the results straight away.

We like to thank everyone for following these rules and helping save lives!
